It takes facts to carry on a business like this. It takes values like this to draw trade, for the simple reason they are facts of our bargain selling. A prominent feature of household importance is the second edition of the **GRANITE WARE SALE**. The goods are from the famous National Enameling and Stamping Co. of Brooklyn, N. Y. This practically winds up the purchase which we contracted for January 1 last at less than the price of tin ware. The first lot set the town a-spining, and this lot will put the selling in a mighty whirl.

FIGHTING FOR PURE FOOD

Delegates From Many States to Meet Here.

A Demand to Be Made for the Passage of the Brosius Bill to Prevent Adulterations of Edibles and Drugs—Many Manufacturers Said to Be in Favor of the Proposed Law.

The National Pure Food and Drug Congress will hold a convention at the National Hotel in this city on March 7 for the purpose of urging the passage of the Brosius Pure Food bill. About 450 delegates from thirty-nine States, the District of Columbia, and Porto Rico have been designated to attend the meeting. It is the purpose of the convention to have the Senate and House committees interested in pure foods, present, and a committee has been appointed to formally invite them.

By adopting this plan the Pure Food and Drug Congress hope to show the lawmakers the extent to which the practice of adulterating food is being carried on in this country. The manufacturers and distributors of food products frankly admit that coffee, syrups, and other commodities are adulterated, but say that to discontinue the practice would be to give their competitors a trade advantage. They further assert that they are tired of injecting foreign substances in their products and that they are anxious to quit the practice. It is not the object of the Congress to prohibit the sale of adulterated food. Since the passage of this bill it is claimed the sale of adulterated food has been absolutely stopped.

It is stated that owing to the law the sale of American food products has increased at least 25 per cent. The Congressional committee that will be invited to attend the Congress are those on Commerce, Agriculture, and Forestry, the Senate, and those on Interstate and Foreign Commerce of the House. The committee appointed to advise the Congress during its proceedings is composed of the following: Frank Hume, chairman; Matthew Trimble, first vice chairman; Dr. William C. Woodward, second vice chairman; Health Officer of the District of Columbia; Robert N. Harper, treasurer; President of the District of Columbia Pharmaceutical Association; S. D. Hird, Chemist of the District of Columbia; J. F. Oyster, and Alexander J. Wedderburn.

INSPECTING A CREMATORY.

Commissioner Wright and Dr. Woodward Go to Atlanta.

Commissioner Wright and Health Officer Woodward left the city last night for Atlanta, whither they have gone to inspect the system of garbage removal in that city. A crematory of sufficient capacity to reduce the garbage of Atlanta is in operation there, and a suggestion originated a few days ago with Commissioner Ross that it be officially inspected.

A bill has been introduced in Congress providing for the establishment of a garbage crematory in this city. It is with a view to the better consideration of this measure that the inspection of practically working plant is sought.

The journey to Atlanta does not signify that the system there in operation will be adopted here, but that the city system will be inaugurated in the District, the object on the part of the Commissioners being to inform themselves at first hand regarding the workings of the plant in Atlanta.

For Emancipation Day.

At a meeting of the military committee, consisting of the Butler 2-arms and Capital City Guards held last night, at the headquarters, 2009 Seventh Street northwest, for the purpose of arranging for a parade on April 16, the following general committee was appointed: Capt. W. Thompson, chairman; J. Brown, assistant chairman; Capt. A. Appleth, treasurer; Sgt. G. Wood, assistant treasurer; Sgt. F. Toller, secretary; and Lieut. W. L. Heron, assistant secretary. This committee expects to make the parade of this year better in every respect than those held in past years. The committee will hold its next meeting at 2009 Seventh Street northwest next Monday evening.

A Fat Man Up a Lamppost.

Yesterday during the jubilation in London over the relief of Ladysmith a stout elderly gentleman, climbed up a lamp post and endeavoring to climb down, fell head first into the street. He is the best witness in the world for a joyful occasion, for he is the only man who has been seen in the street since the morning because it is the very finest pure white.
